Please complete both sides of this card, attach and return.

COPYRIGHT ©2003 Ohio Police & Fire Memorial Park, All Rights Reserved

From the smoke and rubble of an unthinkable tragedy on September 11, 2001, one image rose above all: men and women in uniform responding to public need, working tirelessly to save others. The first responders to “Ground Zero” were highly visible examples of what occurs on a smaller scale every day in the villages, communities and urban areas in Ohio. Our public safety officers are the first responders to every scene of danger. They serve with their determination and sometimes, their lives.

The first memorial dedicated to *all* police officers and firefighters in the State of Ohio

The Ohio Police & Fire Pension Fund (OP&F) is pleased to announce that the first statewide memorial to Ohio’s police officers and firefighters will be built in the park adjacent to OP&F’s headquarters in Columbus. The Memorial Park will serve as a permanent tribute to the heroic contributions that Ohio’s police officers and firefighters make to our society every day and to honor the memory of those who have fallen in the line of duty.

OP&F has commissioned an accomplished Ohio artist, Ronald Dewey, to create a fitting sculpture for the park. Mr. Dewey owns Light Sculpture Works, an art studio and foundry in Cleveland, and has been commissioned to produce several sculptures around the country, including a firefighter memorial for the City of Euclid, Ohio.

This park will be entirely funded through private donations. The March 2003 groundbreaking of the Memorial Park signaled the beginning of a statewide effort to raise funds necessary to make the Memorial Park a reality. In addition to corporate sponsorships, individuals, unions, associations, and employers all can be part of this memorial through the purchase of engraved bricks, pavers or park benches that will become a permanent part of the park.
